## President's Message

Let's talk about chess!! After all, that's why we are all here. Topalov-Kamsky is tied after four games. A big surprise. Chess in Toronto has been dormant for many years but Brian Fiedler's Price Waterhouse Coopers Toronto Open has stirred up a lot of excitement. Kudos to Alex Ferreira for reviving the Hart House Chess Club and weekend tournaments in Toronto. There are rumours that some local organizers will be putting a bid in for the 2010 Canadian Open and CYCC. It's nice to see local activity!! The CYCC and Canadian Junior look like fantastic tournaments and Mark Dutton is organizing a great tournament in Vancouver in April. Check out all the tournament announcements on the Discussion board and start planning your summer now! I'm looking forward to my first tournament in years and so long as Sicilian theory hasn't changed since the 1970's I should be fine.

Of course, the really big CFC news is the selling of the building. Unfortunately, it was one of the few pieces of real estate that didn't increase in value over the past 20 years. But the sale was necessary and will ensure that the CFC can stand on its feet. Bob, Paul, and Vince did a phenomenal job moving the office, along with many volunteers. It was a huge task and there were many late nights. Fundamentally, it doesn't matter where the physical office is. Good people can get the job done regardless of geography.

On the political front there is still a lot to be done. I've put forward two motions designed to stop the financial bleeding. The CFC spends about \$10,000 inputting tournament results into the rating software. We've been losing about \$30,000 a year so a \$10,000 savings is substantial. If we are going to have a balanced budget in 2010 this is a very important step to take. The last thing we want to see is the funds from the sale of the building frittered away.

There has also been a lot of debate on the Discussion Boards about the Tournament memberships. Personally, I'd be happy to eliminate them altogether but I doubt that motion would pass. Instead, I suggest we move it from \$10 to \$20. Some people think that a \$10 increase will prevent people from playing but this is such a nominal amount. A bad movie costs \$13.50 and lasts two hours. A great tournament lasts all weekend.

On that matter, if memory serves, membership cost more in 1972 (adjusted for inflation) than it costs now. People became members because they wanted to play tournament chess. No other reason, but it was reason enough. One weekend Swiss provides 20 hours of pleasure -- so membership works out to about \$2 per hour. What other entertainment costs so little and provides so much? I don't think that people stop playing chess because it's too expensive, they stop for other reasons.

The webzine is up but it does need more work. It needs to be much easier to navigate so that it becomes a real destination for chess in Canada. I've added a thread on the Discussion Board and I hope all of you will make some suggestions.

There are also other things going on but nothing to report. Everything seems to take longer, has more loose ends, and more questions, than are anticipated. The goal is still to present a balanced budget by the end of the fiscal year, April 31st.

Best wishes to all.

David Lavin  
President, Chess Federation of Canada

## Message from the Secretary:

As the President said the biggest change of 2008-2009 took place last month with the move of the Business Office's move. The new mailing address is:

**The Chess Federation of Canada  
P.O. Box 4790  
Station E  
Ottawa, ON  
K1S 5H9**

The new phone # is 905-756-4977 with the 1-800 number and e-mails remaining as before.

While this move moves the CFC's bank balance back solidly into the black there is still much to do since without achieving breakeven (or preferably a little better) we do not have financial sustainability for the CFC.

While I would have preferred a rating fee drop for SwissSys submitted tournaments (see 2009-06) I agree with those who say that such a drop is not prudent in the immediate aftermath of the financial changes we have seen in the past six months. Once the smoke clears it is to be hoped that such a change can be considered.

The second major change Governors will notice is that the Governors' section of the Chess Forum has been getting a lot more traffic than previously and is achieving the needed critical mass to become the major Governor area of discussion. Governors remain welcome to send material for publication in the GL but please make it clear that what you're sending is indeed for the GL as mistakes have been made previously and material ***NOT*** intended for publication has been published – so I err on the side of caution. To register go to <http://chesscanada.info/forum/>

This month there are motions on the Type "T" Tournament membership and on the rating fees with differential fee schedules for those submitted using SwissSys and those not. Note that for those TDs not wishing to use the SwissSys pairing program there is still Swiss Assistant which allows entry of crosstables in the SwissSys format (and thus eligible for the SwissSys rating fee). Full details can be found at <http://www.chess.ca/swissys.htm>

I confess I am somewhat uncomfortable with the voting deadline this month but the motions for vote have been listed for vote on the Forum since February 20<sup>th</sup> and the deadline is not compressed all that much.

*[Note: the vote for the Junior Championship was taken by e-mail – since these have not previously been published in the GL and the GL is seen by other than Governors I have put both bids into the Governors' Letter for reference by non-Governors.]*

### **Revision of the CFC Handbook**

The Handbook is overdue for revision and former CFC president Maurice Smith is heading up the revision team.

He sent the following material well in time for GL#3 and I inadvertently left the following out of GL#3 – my apologies for the omission!

***Maurice Smith:*** *I wanted all the Governors to know that I had accepted David Lavin's offer to update the Handbook. I tried to put something on the Discussion Board, but it did not go through. Something about an invalid thread. I notified the Administrator, presumably Chris Mallon and I*

*never heard back from him. Anyway, I actually prefer using the GL but I know it is now a week past the deadline. I would appreciate it if you would put the following in the upcoming GL. If it is not possible then I understand and it will have to wait until the next one.*

#### *Under Governors Comments*

*This is just to let all Governors know that our President has accepted my offer to update the Handbook. I have already started on this. My plan is to go through all the GLs on the website dating back to 2000 and identify all the accepted motions that affect the Handbook. Then I will check the Handbook to see if they were actually put in. I will then print out the necessary changes for the outstanding motions and send them to the Executive Director for inclusion in the proper sections of the Handbook. This would seem to be the easy part. Since the motions had previously been passed no votes are now required. When this is complete, I will then go through the Handbook by Sections to see what still looks wrong or what we just don't do anymore. I will identify all the changes needed and these will needed to be voted on. I am thinking mostly about the Constitution part of the Handbook.*

*From time to time I may ask for help from any individual who I know has relevant knowledge of a certain Section such as the Rating Auditor and the Ratings Section. There is already one item that comes to mind. There are supposed to be eight GLs in 2004/5. However GL eight is missing from the website. In that GL were the results of motions 2005-25, 26, 27, 28, 29 and 30. While I know what the motions were, does anybody know if they were passed? I cannot give a timeline for this at the moment although I will try to do so later. When I am finished, I suggest that the motions passed in the GL be kept up to date automatically each month by either the Secretary or the Executive Director. Since these positions usually require the most work of any of the Executive, an alternative would be the Vice President who other than last year does not ordinarily have such a cumbersome burden. This is a huge job but I am sure it can be successfully completed.*

Thanks again to all of you for all the bricks and bouquets!

Lyle Craver  
Secretary, Chess Federation of Canada

### **Youth Coordinator Report**

The CFC Executive committee has decided to resurrect the YCC. It used to exist with fees of \$7-\$10 for players and very little in return over the last couple of years. The new format brings down the fees to \$6 for a minimum of \$200 and a maximum of \$400. In return, the organizer gets 36 CFC medals, a Team Canada t-shirt, certificates of award to the winners as well as instructions to the winners on how to participate in the CYCC. We estimate that the CFC is breaking even on that program and we encourage all chess regions to participate; yes, there could be more than one per province – we wish to bring chess to the chess players rather than the opposite! Interested organizers must contact me at least 3 weeks before their event so that we have time to get the package to them.

Several organizers have already written to me telling me that the series will not work if not mandatory for participation to CYCC; I might follow their advice and propose a motion in the next month or two. It would be important to have this clear soon, as anyone wishing to bid on the 2010 CYCC should be aware that any players may be obliged to pass through a YCC or be a returning champion from the previous year in order to compete at the National Level. I invite your comments and suggestions; I believe that chess in Canada is not attaining its youth potential and there is much space for expansion. What can each Governor do to help?

We received two very good bids for the Canadian Junior this year. Calgary had been awarded the bid in December for a February tournament date. When the organizers discovered conflicts with the date they opted to resubmit a bid for July. Victoria Chess Club submitted a bid as well with dates to follow immediately the CYCC. The tournament was awarded to Victoria for July 2009. We will be very pleased to receive more bids in the future from the Calgary Chess club as they have an active community and good organization.

## **Executive Directors' Report**

GL#4 (2008–2009)  
Executive Directors' Report

The major surgery portion of the restructuring plan is now complete. Last month we closed the Ottawa office and converted to a home based office format, thus realizing significant savings in salaries and office costs. We also gave birth to the new Chess Canada Webzine, replacing the printed magazine. These were bold moves made in order to save the CFC from financial collapse.

The doctors have requested a period of convalescence for the patient to recover its strength. Unfortunately, we still have lots of work to complete. A balanced budget for fiscal 2010 should be ready soon, work is progressing on handbook updates, and improvements to the junior program are among the current initiatives.

Chess organizers and ordinary CFC members can assist in our recovery by:

1. Renew your memberships on time
2. Submit tournaments, rating fees and membership dues promptly
3. Use the SwissSys pairing system available free of charge to CFC organizers
4. Visit the new webzine and give us your feedback
5. Write an article or blog entry for the webzine
6. Encourage a friend to join
7. Make a tax deductible donation to the CFC.

The worst should be behind us now.

Sincerely,

Robert Gillanders  
Executive Director  
February 22, 2009

## **Message from FIDE Representative:**

Dear chess friends,

We got the invitation to **European OPEN School Chess Team Championship 2009, Varna, Bulgaria** from Boris Hristov, President of the Chess Club "Veselin Topalov" and Tournament Director.

Please find it at the CFC Forum: <http://www.chesscanada.info/forum/showthread.php?t=350>  
and let me know, if you're interested to participate.

Michael Barron,  
FIDE Representative,  
Canadian Zonal President  
February 23, 2009

## **RESULTS OF VOTING:**

### **Canadian Junior Championship bidding:**

**Victoria (13)** - Barron, Craft, Demian, Dutton, Khougarian, Kosoian, LeBlanc, Liles, Palsson, Samsonkin, Stockhausen, von Keitz, Wu

**Calgary (6)** - Ficzer, Hoch, Hughey, Pedersen, Steer, Zeromskis.

**Abstain (3)** - Craver, Marghetis, Nadeau.

*(In addition there was one spoiled ballot by a Governor whose I would prefer not to embarrass by naming him since his vote was for Vancouver! – ed.)*

## **MOTIONS FOR FINAL VOTE:**

### **Motion 2009-05: (Moved Egidijus Zeromskis Seconded Michael Barron)**

It became a practice to held Canadian U8 youth events (open and girls) and send their winners to World championships. However, the current Handbook does not state that these events are official CFC events.

Therefore, I and Michael Barron ,as the seconder, propose this Motion:

Motion that Handbook paragraph 1000(a) dealing with CYCC be amended to read:

(a) The holding of the Canadian Youth Chess Championship (“CYCC”), which consists of the following twelve events:

Canadian Under 18 Championship (open and girls)  
Canadian Under 16 Championship (open and girls)  
Canadian Under 14 Championship (open and girls)  
Canadian Under 12 Championship (open and girls)  
Canadian Under 10 Championship (open and girls)  
Canadian Under 8 Championship (open and girls)

Rationale:

Changes:

\*\*\* The events number is increased accordingly from ten to twelve;

\*\*\* The new line "Canadian Under 8 Championship (open and girls)" is a base of our amendment;

\*\*\* Words "Under" before each age group. This is a standard practice to call these chess events (e.g., see at the 2008 WYCC regulations

<http://wycc2008.vietnamchess.com/index.php?/Regulations/Regulations.html>

)

**Lyle Craver:** I view this as basically a ‘housekeeping motion’ to keep ourselves in alignment with FIDE rather than anything especially new.

***Motion 2009-07 (Moved David Lavin / Maurice Smith)***

Effective May 1st, 2009 the CFC Tournament Fee will be \$20 per player per tournament, \$4 of which will go to the Provincial Authority. The CFC Tournament Fee for Juniors will be \$10 per player per tournament, of which \$2 will go to the Provincial Authority.

This replaces the entire Section of Article 375 Tournament Playing Fee in the Handbook.

***David Lavin:*** There has been much discussion about Tournament Memberships. Many feel that they encourage new members, others feel that they are costing the CFC revenue. What cannot be disputed is that an adult Tournament Membership fee of \$10 is incredibly cheap when compared to the Annual Membership of \$36. The cost of processing each membership is the same, so the costs to the CFC of a Tournament Membership is disproportionately high. Secondly, relatively few people play in four tournaments a year so there is a significant incentive to purchase the \$10 Tournament Membership rather than full Membership.

***Motion 2009-08 (Moved David Lavin / Maurice Smith)***

Effective May 1st 2009 the Rating Fee for Adult Tournaments will be \$3 per person per Tournament if using CFC/SwissSys, \$5 per person per Tournament if not using CFC SwissSys.

The rating Fee for Junior Tournaments will be \$0.50 per person per Tournament if using CFC SwissSys, \$2.50 per person per Tournament if not using CFC SwissSys. Tournaments submitted Swiss Assistant shall receive the same rate as those submitted using CFC SwissSys.

This replaces the entire Section of Article 731 Fees in the Handbook and any Motions regarding 731 that were passed and not published.

***David Lavin:*** The CFC at some expense has purchased a software solution to the rating of CFC tournaments. This system was implemented in order to replace the manual input of tournament spreadsheets by the Executive Director and staff that has been expensive to use. We want to encourage TDs to use a system that has proven to be simple to use and beneficial to all parties.

***Governors should note that this motion is NOT identical to the version originally posted on the CFC Forum – the original version had a junior fee of 1.00 and 3.00 (which was an unintended increase in the current fees) and did not mention Swiss Assistant. We apologize for any confusion!***

**MOTIONS FOR FIRST DISCUSSION:**

*None*

**General Comments from Governors:**

There has been extensive discussion on the CFC Forum Governors' Area but no comments received specifically for publication in the Governors' Letter this month. Governors wishing comments published in the GL are invited to label their comments "For Publication" as comments not so labelled don't get published unless the intent to put them in print is obvious.

Governors who are not already signed up for the Forum should do so as soon as possible and when applying please note that you are a Governor – while we have the list of Governors this ensures you get access to the Governors' discussion area immediately – *ed*.
