A CFC Administration Interim Report Card

The CFC Administration of President Eric Van Dusen has now completed more than $\frac{3}{4}$ of its term (July 2009- April 2010 – 9 $\frac{1}{2}$ months) - only 2 $\frac{1}{2}$ months left to accomplish their 1st term priorities.

How have they done? Should those running as incumbents be re-elected at the July CFC AGM? (Eric van Dusen, President, is not running again; Stijn de Kerpel, V-P, is not running again; Maurice Smith, Treasurer, is not; Michael Barron, Youth Coordinator, has indicated he would step aside if a good candidate came forward, otherwise he'll run again; Lyle Craver, Secretary, and Hal Bond, FIDE Rep., have not yet disclosed their intentions).

Here is my report card on the outstanding issues as I see them, divided into: A. Accomplishments; B. In Progress; C. Languishing/Failure: Here is what I have observed (if I am incorrect on any of these, please send me any corrections):

A - Accomplishments

- #1 - Member Services** - Newsletter - Canadian Chess News - for members only
- #2 - World Championship** - CYCC team Canada to World Championship
- #3 - World Championship Preliminary** - 2009 Canadian Champion to World Cup
- #4 - National Tournament** - found bidder for 2010 Canadian Open

#5 - National Championship - found bidder for 2010 Canadian Junior

#6 - National Championship - found bidder for 2010 CYCC

#7 - 2010-11 Budget – Maurice, Treasurer, in consultation with Gerry Litchfield, ED, who keeps the day to day financial records and prepares the statements, prepared and presented before March 31 the 2010-11 budget. The governors voted on and are expected to have approved the executive budget. This is a recent first for CFC to have a budget over one month before the start of the new fiscal year on May 1, and being approved one month before the start of the fiscal year

B - In Process

#1 – 2009-10 Finances – Treasurer Maurice Smith recently presented his 2010-11 budget statement to the Governors. In it, he gave the financial statement for the first 9 months of the fiscal year 2009-10. In it he noted that we are so far running a surplus:

Profit/Loss.....\$9,580.00

This will be the first time in 5 years, the CFC has not suffered substantial deficits, if we can maintain this.

#2 - Modernizing Governor Decision-Making - The Subcommittee on Governors' Voting Modernization submitted its model and the Procedures' Committee (myself as Chair, and Eric) approved it and a " trial " meeting for April 8-14, which successfully took place. The motion to now amend the CFC Handbook to put the new procedures in place will now been filed, and will be voted on at the AGM.

#2 - Modernizing AGM - the Subcommittee on AGM Modernization developed 2 models for a modernized AGM. One was agreed upon and will posted and receive public input. Then a “ trial “ AGM (on a small scale) will be set for sometime in May. It is hoped the model will be in place for the July AGM in Toronto.

#4 - Handbook Updating - Maurice Smith, CFC Treasurer, and SCC President, has done most of it, and the Handbook sections have been updated (except 1) to my knowledge. I as Chair of the Procedures' Committee, made a recommendation to Eric, President, that this ongoing future task be assigned to the Procedures' Committee, which recommendation he accepted. Former CFC Governor Kerry Liles has volunteered to become the Handbook Updating Subcommittee of one – the goal is to update the website Handbook as soon as Governors have passed motions, and to keep it right up to date.

#5 - National Standards for Canadian Closed - a motion has been filed by GM Mark Bluvshstein/ Bob Armstrong to upgrade the current standards- there has been no executive comment on the proposed changes or how they may affect bidding (the motion was posted for public comment and no executive commented).

#6 - Communication by the President by E-mail -

Eric also stated in GL # 2:

" I do receive many emails and I apologize for the slow turn-around time in responding. Please be patient and I promise that a response will eventually come your way. "

- crucial e-mails on CFC business, even from governors, were going unanswered, or were being answered very late. Since the public criticism, Eric has been responding to more e-mails. As well, he has made more of an effort to communicate what he is doing to the governors, and recently sent a " communication " e-mail to all governors giving a status report on his activities. So " communication by e-mail " is an area that appears back in progress.

#7- CFC Fundraising Committee (with special focus on the Olympiad this September)
- In GL # 2 Eric stated :

" Amanda Benggawan was a strong junior who now works at an accounting firm. She wants to give back to chess and she has agreed to chair. Gary Gladstone, a professional fundraiser in the Toronto area has also agreed to sit. I would very much appreciate representation outside the Greater Toronto Area. A forthcoming task is fundraising for the next Olympiad, which is next year, but the CFC needs to begin shortly.

- there had been nary a peep out of that committee; no information whether the executive found other committee members (I know from conversation with Gary Gladstone that he is crazy busy right now with the Toronto mayoralty campaign - doubt he is able to do much at present); there had been no fundraising for the Olympiad, only 5 months away now. Also, David Cohen volunteered to fundraise for the Olympiad on a paid commission basis, and he advised he was turned down. No other paid fundraiser hired. But at the very end of last month, there were some advertisements for the Olympiad Fundraising Drive. It was not clear if this was a result of this Committee coming to life finally. At the on-line meeting, Eric advised that 2 members of the Fundraising Committee had resigned.

#8 - FQE - In GL # 2 Eric states:

" I have also been negotiating with the FQE regarding re-affiliation. These negotiations are extremely complicated and progress is incremental. "

- there had been nary a peep on this from either CFC nor FQE; had goodwill from FQE holding the 2008 Canadian Open been squandered? But at the very end of last month, Eric reported he was again in discussions with the FQE re some type of reconciliation. This would be a great achievement if Eric can put it together.

C- Languishing/Failure

#1 - the revised 2009-10 Budget - In GL # 1, Eric stated:

it is my goal to have it distributed to the governors the week ending 28 August 2009.

- It was not presented 'til December 2009, and then was rejected " in principle " by the governors because of lack of executive answering of governors' budget questions before the voting deadline.

#2 – Communication by the President via CFC Discussion Boards - In GL # 1, Eric stated

" Communication with the President

I will try to post a message approximately every few weeks on the CFC boards."

- never happened. Eric has posted on the members' CFC Chess Forum board and the Governors' Discussion Board on an infrequent basis; some governors have called for more communication; governors posted questions have been often been left unanswered (this happened, for example, when Eric failed to answer governors' questions about the revised 2009-10 budget, and it therefore got defeated " on principle "). However, , responding to the criticism, Eric initially made a few posts. Then he clarified his position recently in an e-mail, and this is his position now:

1. he is not inclined now to want to use the Governors' Discussion Board nor the members' CFC Chess Forum (EvD - " I have to admit that after spending some time discussing corporate responsibility and posting, and being compared to Hitler, I am a little gun shy about posting in quick time on various CFC discussion boards".)
2. he will not be monitoring the Governors' Discussion Board, nor the members' CFC Chess Forum from his home (EvD - " Regarding posting on CFC discussion board, I do not have my own access to the internet at my residence ".)
3. he will not be monitoring either board from work (EvD - " I do not have access to the CFC site from my work ").
4. in the past, he has intermittently accessed the two boards from a cyber cafe - he no longer has time for this (EvD - " now that I telework from home I have little time for the cyber cafe ".)
5. in the communication, he makes no mention, under the circumstances, of delegating officially, monitoring of these two boards to any member of the Executive, who would report relevant issues to him.

Given the above, I think governors can no longer assume that questions of the President

presented on these two boards will reach him; Nevertheless, Eric did attend the Governors' On-line Quarterly meeting held April 8-14, though a number of days into the meeting..

#3 - New CFC Website - GL # 2 stated:

" the CFC will be issuing a Request for Proposal (RFP) regarding a creation of a new website. I am currently in consultation with a website professional, who is in the process of creating a Statement of Work (SOW), which will form part of the RFP. This expert will also assist in the Technical Evaluation of Bids. This procurement process will take a period of time, but considering the website's importance to CFC operations, the CFC needs to create a robust website that will look professional as well as be secure. "

In GL # 3, Eric stated:

" I will redouble my efforts by involving more resources so that publication of the Request for +Proposal on the CFC website occur as soon as possible. "

- nary a peep out of the executive on how the volunteer is doing on the Statement of Work, no sign of issuing a Request for Proposal, and no status report. The item is not in the 2010-11 budget recently approved by the Governors, but in this regard, Treasurer Maurice Smith (also SCC President) said: " I agree that the website should be redesigned and highly recommend it. However, this would be a capital expense and paid out of the funds from the sale of the building held in trust in the Chess Foundation."

Then at the just concluded Governors' On-line Meeting, Eric admitted:

" The whole procedure I had envisioned for the solicitation of the website re-design was too cumbersome and impractical.

I am also pursuing to other parties that may be interested in working on the website.

I am certainly disappointed with myself for letting down the CFC."

#4 - CFC Membership - No membership drive

#5- Management Committee - GL # 2 stated:

" The Management Committee deals with budget and the CFC's relationships with various organizations that handle the CFC office and business functions. Both the Treasurer and the Vice-President are on this committee, but it also needs to governors to work on this committee. "

I volunteered to sit on this Committee. I have never been contacted. There have been no announcements of other committee members. I am not aware of it even functioning.

#6- Ethics Committee - GL # 2 states:

" The Ethics Committee examines on a case by case basis unethical behaviour of CFC members. Currently, the CFC needs a chair and governors to sit on this committee. "

- nary a peep about this committee. Seems it never got formed.

#7 - National Championship - no bidder yet for Canadian Closed. At the recent on-line Governors Meeting, Eric had this to say:

“ As this is not a Zonal Year, I am not surprised that no bidders have come forward to organize the Canada Closed and the Women's Closed.

I have not been contacted regarding next year's national championships.

I do suggest that a motion be put forward that will establish a structure similar to the Ontario Chess Association, where the championships will rotate formally among the CFC provincial bodies. In that way, the CFC will be notified early which body will be in a position to organize the championships.”

#8- National Championship - no bidder yet for Canadian Women's Closed

#9 - National Championship - No discussion on Canadian Girls' Championship

#10 - Chess Promotion - No generation of discussion within the CFC of a) how we start to do this; b) how we make the Canadian public more aware of the benefits of chess, and c) how we get chess into the mainstream media.

#11 - Provincial YCC's - Last year the CFC passed a motion to promote these and made them qualifiers next year for the CYCC - nothing publicized on how the CFC is going to go about promoting these for 2010-11, for the 2011 CYCC. Nothing on promotion of them for the 2010 CYC -though the regime was decided not to apply to 2010, this doesn't prevent their promotion nonetheless, as initial steps in the implementation campaign.

I see this as a somewhat divided result, but more positive than negative..

What do you think of this track record?

What grade do you give this administration so far?:

- A - Excellent
- B - Good
- C - Passable
- D - Poor
- E - Failure

E-mail me (bobarm@sympatico) with your grade, and why you assigned it. If you have items you'd add to this report card under any of the three categories, let me know. We'll publish some of the comments next Issue.

GTCL AGM, Saturday, April 10, 2010

Present were 5/6 of the Executive, and 10 other persons.

The following were elected to the GTCL Executive for the coming year (all acclaimed):

President – Michael Barron (returning)
Vice-President – Ilia Bluvshstein (returning)
Secretary – Erik Malmsten (returning)
Treasurer – Nicholas Varmazis (returning)
Club/Team Coordinator – Egis Zeromskis (returning)
Director of Communications – William Yuan (returning)

Elected as Board Members at Large were: John Chidley-Hill (returning), Alex Ferreira (returning), and Chris Field (new).

Because of recent amendments to the Ontario Chess Association (OCA) structure, GTCL could elect their regional OCA Vice-President – elected was Ilia Bluvshstein.

The CFC advises Ontario how many CFC Governors it is entitled to for the coming year, when it finalizes its membership numbers for the current year on May 1. So the GTCL did not yet know how many governors it could elect – likely between 7-9. This year those elected serve as both CFC Governors, and OCA Governors. 8 were elected:

Michael Barron (returning), Ilia Bluvshstein (returning), Egis Zeromskis (returning), Bob Armstrong (returning), Chris Field (new), Nava Starr (returning), Bill Evans (returning), and Nikolay Noritsyn (new).

The Executive will determine how to fill any vacancies, should it later appear that the GTCL is entitled to more than 8 CFC Governors.

Last year the GTCL struck a 3-person Constitutional Review Committee of Bob Armstrong, Chair and Board member, Maurice Smith, Board member, and John Chidley-Hill, Board member at large. This committee submitted to the GTCL a revised Constitution, a key feature of which was making it a “ member “ organization, and opening GTCL up to non-CFC GTCL membership. It got defeated : Motion to Accept the New Constitution: 4 yes, 5 no, and 2 abstentions (it was a " constitutional " amendment, and so needed 2/3 of the votes cast to pass).

It is significant to note that the 5/6 GTCL Executive present all unanimously moved to defeat the revised Constitution.

So the old Constitution, with all its flaws, in the opinion of the Committee, is now still the governing document.

A number of reports were received, and issues discussed.

The meeting lasted about 4 hours.

San Sebastian/Donastia Swiss, Spain

This tournament had 150 players, with 37 titled. Two Canadians took part – GM Kevin Spraggett (2580), 5 time Canadian Champion, was the top seed, and also IM Leon Piasetski (2280).

Kevin ended with 7/9 pts.. He tied for 2nd/6th, 1/2 pt. out of first. Leon ended with 5 1/2 / 9 pts.. He finished tied 29th/43rd.

The top finishers were:

- 1 IM Alvarez Pedraza Aramis CUB 2486 2498 7,5
- 2 GM Tratar Marko SLO 2486 0 7,0
- 3 IM Alsina Leal Daniel ESP 2548 2524 7,0
- 4 GM Gleizerov Evgeny RUS 2565 0 7,0
- 5 GM Spraggett Kevin CAN 2580 2602 7,0
- 6 GM Korneev Oleg RUS 2558 2573 7,0

Here is Kevin's last round win (Annotations by Bob Armstrong, using Fritz). He sacks his N for two P's, and later wins back the minor piece, remaining up 2 P's:

Philadelphia Open, USA

125 players took part from 31st March to 4th April. Among the participants were 15 Grandmasters and 13 International Masters.

(from Susan Polgar Blog) America's youngest GM Ray Robson just tied for 1st in Philadelphia with GMs Gata Kamsky, Alex Stripunsky, and Sergey Kudrin with 7/9. He defeated veteran GM Nick DeFirmian in the final round to earn a share at the top

Toronto Open, Hart House, U of T

This 6-round swiss, in 5 sections (with additional class prizes for U 2300 and U 1400), was played April 2-4. It attracted 126 participants. Bryan Lamb (SCC member) was TD. The winners were (from report by Alex Ferreira, organizer – also SCC member):

Open

1st - IM David Cummings - 5.0/6

2nd & 3rd - GM Bator Sambuev & Roman Sapozhnikov - 4.5/6

U2300 Prize - David Filipovich & Liam Henry (former SCC member) - 3.5/6

Very competitive at the top. IM Cummings had to play all the tough competition, conceding draws to Roman Sapozhnikov and GM Bator Sambuev, and winning a tough last-round game against IM Artiom Samsonkin.

U2200

1st - Michael Kleinman - 4.5/6

2nd - Jesse Wang (former SCC member) - 4.0/6

3rd - Stephan Tonakanian, Bernd Hahn & Dalia Kagramanov - 3.5/6

U2000

1st - Haizhou Xu - 5.5/6

SCC'ers at the Toronto Open

28/126 players at the Toronto Open were Scarborough CC members. And there were many former SCC members there as well. Here are a few games submitted by some of the members, that they thought might be interesting to play over.

One of our youngest junior members, Jiaxin (Dora) Liu, defeated Andrew Giblon, rated almost 150 pts. higher, to contribute to her sharing first prize for the U 1400's (which were included in the U 1600 section). For this she won \$ 150 ! She played quite even with Andrew throughout, until he inadvertently trapped his R, and had to give up the exchange. Then he got preoccupied with pulling off a fork on two R's, and missed that Jiaxin had a Royal Fork against him, winning his Q. Here is their game (Annotations by Bob Armstrong, using Fritz):

In Round 4, I played junior Mike Ivanov, who plays some casual chess sometimes at Willowdale Chess Club. He attacked my Pirc Defence right out of the starting block with 10.h4. The opening got a little crazy then, with me pushing my K-side pawns. Then Mike decided to sack his B for 2 of the K-side P's and an attack. I withstood the pressure though and at move 29 I had a "slight" advantage. But the first time control was at move 30, and I had about 5 minutes left, and made what I thought was a safe defensive move – but it was a lemon, and Mike got back a "winning" advantage. He again applied the pressure to my K-side and won my B, ending up up a P with 2 connected, passed P's on my K-side. I eventually caved in. Here is my game (Annotations by Bob Armstrong, using Fritz):

SCC – Who Are We ??

This is a series, in each Issue, where we introduce to our subscribers, the members who make up SCC, the friendliest chess club in Canada ! This Issue we introduce

Michael Song

Michael – on the right

I started playing chess when I was about 6 years old. I was introduced to chess when my dad came up to me and told me a game called chess that he learned in his high school. On Christmas, my mom got me a chess set and my dad and I read the instructions. I became interested in chess. We played a lot together on a beach in Vancouver. The first time I played in a tournament in London, Ontario at age 7. When my dad had a job in Albany we played chess on MSN.

The reasons I play chess is that first of all it's fun! (or maybe I'm just a geek!) It gives your brain a challenge and I like calculating tough lines and variations. And sometimes you win money! (not often though) My favourite part is when you get to say CHECKMATE!

I love to play at the SCC. Really! I like playing with people that are more experienced than me (there sure are a lot!) It gives you a challenge. And I learn a lot from these games. And they have hot chocolate! Yeah. But the main reason I like the SCC is that I can hang out with my friends and play fun games. I have been a member of the SCC since I was 8. I was about 1300 at that time.

I would like to be a GM when I grow up. World Champion would be nice, but it is very unlikely to happen. But that doesn't mean that I am not going to try. But my goal as a young chess player is to go to the WYCC and get top 5.

My favourite player is our very own ...
Bob Armstrong! I like him because he always is in a happy mood, whether he wins or loses. And he always encourages me and enjoys playing with me, and when I'm losing, he walks by and smiles at me to make me feel better. And he sends me e-mails including games with analysis and articles.

I took chess courses from Sofi Polgar, Roman Pelts and David Peng. I study from books and magazines and analyze Grandmasters' games on ICC. I also watch and enjoy videos on ICC where we have a full analysis of GM 's games from recent tournaments.

My highest rating that I hit was 1863 and my current rating is 1858.

The best tournament results that I had were the 2009 Toronto Labour Day Open and the 2009 Toronto Thanksgiving Open. I got 5/6 (clear first) in the Toronto Labour Day Open, and 5.5/6 (T- first) at Thanksgiving. I got 450 dollars from that tournament. Then at the Thanksgiving Open, I won 5 games and drew with a guy called Fernadino Supsup in the nail-biting game for first. I got about \$150. In these two successful tournaments that I had, I boosted my rating by about 200 points.

At the SCC when I was 8, I always got pressurized playing with so many people. So if I was losing by let' s say a pawn. I would start crying. Even when I was winning by a bishop in one of my games, I couldn't stand the pressure and resigned. Laugh if you want. I find it funny myself as well now. But I got so depressed that I almost quit chess. But then I thought that my whole life so far has been about chess. If I quit, I would have wasted 3 years of my childhood and a lot of money. The other incident that I just had happened was in July 2009. I was in the CYCC in Victoria, B.C., desperately needing a win. If I won I would guarantee a spot into the WYCC. I was up 2 rooks for 2 bishops and I had an extra pawn. And I blundered a rook and lost the game. Then I went to the hotel, cried for half an hour and told myself, there's always next year.

Just a few things about myself. My favourite sport is basketball. I like to play online computer games that are violent. I go to Denlow P.S. I enjoy learning how to play the violin. But there is another thing I like learning and that is chess!

Thank you for reading about me.

[Thanks to Michael for his nice comments – I got to be my jovial self once again, as Michael defeated me at the recent Toronto Open !!]

Rick's Chess Trivia

(questions/presentations researched by Rick Garel,

former SCC Executive, SCC member, Orillia CC President)

Last Issue's Chess Trivia was the question:

In all of Fischer's U.S Championships (he won each one that he played in), he played a grand total of 90 games. Of those 90 games, how many did he lose?

The Answer: CFC Governor Ken Craft, who has also been the winner a few previous times, gave the correct answer and gets the bragging rights this Issue.

Rick's answer is 3

Amazingly, Fischer lost only three total games in his eight U.S. Championships.

Today's Trivia Question is:

In the 1963-64 U.S Championship, Fischer played 11 games, one game each against Reshevsky, Evans, Benko, R Byrne, D Byrne, Saigy, Weinstein, Bisguier, Addison, Mednis, and Steinmeyer. Fischer's score was an amazing... (wins, draws, losses)

You can use any resource available to answer the question ! Just find it fast and send it in as fast as you can, by e-mail, to Rick : rickgarel@gmail.com .

The first correct e-mail received wins, and gets bragging rights. Also, we will publish the honoured winner's name in the next newsletter, along with a few details they provide as to their chess experience (if they wish), along with Rick's researched answer.

Thanks for playing !!

Chess History is fun !!

Also write Rick if you have any chess trivia questions or presentations you'd like him to consider for his column. He will give credit to the author if he uses your suggestion.

Chess Movie Review - 'Joueuse' ('Queen to Play')

(Written and copyright 2010 by David Cohen)

'Joueuse' ('Queen to Play'), 2009, is a film from France (sub-titled in English) now available on DVD. It is beautifully filmed in Corsica, where the story takes place. The queen of the film's title is a wife and mother who works as a cleaning lady at the local hotel for tourists. The film is very slow, and we spend a lot of time watching her daily monotonous routine. She is bored. She finds her challenge in life by accident, when she is intrigued by a couple playing chess on their hotel room's balcony. Initially, she wants to play with her husband, but he is not interested. At night, she becomes restless and practices against a chess computer (remember those?!). She supplements her income by cleaning house for a widow. When she discovers a chess set in his home, she trades him her cleaning services for chess lessons and practice. Throughout the film, her expressions and body movements during her chess games are very well acted. We see her gaining confidence over time, as her play improves. The film ends with some nonsense literary devices (it's based on a book). But the competition she enters, although producing unrealistic results for such a novice, is well staged with the help of the French Chess Federation.

SCC Jack Frost Swiss

Open to SCC members only
No field limit
Two sections (Open and U1700)
January 7 – February 11
Entry Fee: None
Tournament Director: Bryan Lamb
Time control: G/90
Rounds: 6
Type: Swiss

60 players showed up the Open section. It was headed by 8 masters (!) and 4 experts. 23 players registered for the U 1700 section. The total of 83 players is the highest we've had since the start of the millennium (though we had 82 players for the Howard Ridout at the start of this season). Our new location has a maximum capacity of about 100 players, and so our space problem is solved for the foreseeable future.

The winners were:

Open Section:

1st/2nd – 5 pts. - Master Andrei Moffat; expert Bill Peng
4th/7th – 4.5 pts. - Master Hacat Kevork; WIM Yuanling Yuan; Jim Paterson; Pino Verde

U 1700 Section:

1st – 5 pts. – Zaidun al Ganabi
2nd/4th – 4.5 pts.- Maurice Smith; John Walker; Michael Rogers

Games are collected each week (handing in the white original score sheet is mandatory, and the player gets to keep the yellow carbon copy) and put into the tournament database by myself and Ken Kurkowski. But distribution and publication of games under the SCC Policy on the Games Database is delayed until the end of the tournament, so no games from this tournament have yet been published. If you are interested in finding out about this new policy, just e-mail me at bobarm@sympatico.ca and I will forward to you the new policy. So in this Issue, the last Issue, and the next 4 issues, we are presenting some of the more interesting games from various rounds. In this Issue, we see some games from round 5.

In the Open section, “ sac-a-piece “ Pino Verde

restrained his rampant impulses, didn't sac, and defeated his first master ever in his life, the dubious distinction going to master John Hall (436 pt. rating difference).....and on Pino's birthday !! John had the advantage for the first 2/3 of the game. Then Pino got the advantage until they went into a difficult King + Pawns ending. Then the :” winning “ advantage started going back and forth like a ping pong ball, as both made inaccurate moves. Pino eventually triumphed. Here is the game (Annotations by Bob Armstrong, using Fritz):

In the Open Section on 2nd board, two of our masters dueled it out. Master Kevork Hacat, a returning SCC member from when he was a junior, kept the advantage the first while against former SCC Champion, Erwin Casareno,

though he did miss a couple of opportunities to win material. Erwin's position was cramped, and so he correctly decided to sac the exchange to free up his game. Next Erwin missed a rather long mate. The advantage then swung back and forth between them, until Erwin, still down the exchange, ended up with 3 passed P's (two connected). Erwin went on to win. Here is the game (Annotations by Bob Armstrong, using Fritz):

The Mystery Game

The following game was played in Rd. 5 of the SCC Jack Frost Swiss. We will not tell you which section it comes from, nor the names of the players, nor their ratings. From the game itself, can you guess the following:

- which section does it come from? Open or U 1700?
- White's rating?
- Black's rating?
- White's name?

e. Black's name?

SCC Club Championship

This fourth tournament of the season runs from Feb. 25 to April 22. 10 players play in the Championship Round Robin – it is headed by 7 masters (!) and 3 experts this year. The players are:

1. Rune Pedersen (2340)
2. Yuanling Yuan (2323)
3. Andrei Moffat (2289)
4. John Hall (2238)
5. Karl Sellars (2227)
6. Bryan Lamb (2214)
7. Kevork Hacat (2212)
8. Bill Peng (2186)
9. Erwin Casareno (2181)
10. Alex T Ferreira (2024)

(Alex qualified the wildcard spot by virtue of his finish in last year's Open Reserves section.)

51 players showed up for the Open Reserves section (headed by 8 experts).. 26 players registered for the U 1700 Reserves section. The total of 87 players is more than our average in the 2008-9 year of mid-70's players per tournament and the highest total since the start of the millennium (we had 86 players for the prior Jack Frost Swiss).

After 7 rounds, the leaders are:

Championship Section:

1st – 5.5 pts. – junior WIM Yuanling Yuan

2nd/3rd – 4 pts. – Master Rune Pedersen (still one game outstanding); Master John Hall

Open Reserves Section –

1st / 2nd – 5.5 pts. - Expert Andrew Picana; junior Kevin Wu

3rd/5th – 5 pts. – Expert David Southam, Randy Moysoski, Mike Conte.

U 1700 Reserves Section –

1st – 7 pts. (all wins) – junior Magas Yusuf

2nd – 5 pts. – Maurice Smith

3rd/5th – 4.5 pts. – junior Arvin Farhang, junior John Walker, Mike Orsini

Games will be collected each week (the handing in of the white score sheet is mandatory), but there will be no games of this tournament sent out to members in database format, nor published, until the tournament has concluded. This is because of the new policy adopted at the September 2009-10 SCC AGM concerning, score sheets, the games database, and the newsletter. If you are interested in finding out about this new policy, just e-mail me at bobarm@sympatico.ca and I will forward to you the new policy. My thanks to SCC member Ken Kurkowski who is now volunteering to work with me on entering the SCC games each week into the tournament database, which will be sent out to members when the tournament is concluded.

Express Your INNER Self !!

Got a chess issue that has been bothering you for a while? Got a favourite chess topic that you've always wanted to share with other chess players? Read something in SCTCN&V that you profoundly agreed with, or maybe (surely not !) disagreed with?

SCTCN&V may be for you. We are very open to publishing freelance articles from our readers – David Cohen and Erik Malmsten have presented us with material in the past. Now we have a new columnist, Rick Garel. Maybe there's a writer inside just waiting to get going !

Also, if you would like us to cover some topic, send us your idea, and we'll see if we can write something up on it.

This may be the chance you've been waiting for ! Want to express your inner self???
