SCC Reopens !

Our 2007-8 season will commence on the first Thursday after Labour Day, September 6, with our Annual General Meeting – doors open at 7:00 pm. Come out and set the agenda for the new season. Then our first tournament of the new season, the Fall Swiss, will start the following Thursday, September 13. Come out and renew acquaintances and get involved in some friendly, but competitive, over-the-board chess!

SCTCN&V Starts 9th Consecutive Year of Publication !

We believe we are the longest-running twice monthly/bi-weekly chess publication in the country ! It all started as a one-page bulletin on the SCC bulletin board, informing members of SCC matters. Then it started to introduce reports on results of major international competitions. It progressed to reporting on chess politics, international (FIDE), national (CFC), Ontario (OCA) and local (GTCL). It became longer than 1 page, and we started making hard copies to hand out to members.

Eventually it progressed to an electronic newsletter. This then allowed us to start distributing beyond our current SCC membership. First we put together a mailing group of past SCC members, and started mailing to them as well, free. Next we offered free subscriptions to non-members, and got a very favourable response. So now SCTCN&V goes to over 150 chess players in the GTCL, elsewhere in Ontario and Canada, and we even have some subscribers in USA.

SCTCN&V Website : <http://scarboroughchess.webhop.net>
SCC e – mail : info@ScarboroughChessClub.ca SCC Website : <http://www.ScarboroughChessClub.ca>
Jack Goodlad Community Ctre, 929 Kennedy Road
(½ way between Eglinton Ave. and Lawrence Ave.)

We then introduced board diagrams and pictures. The newsletter continued to get longer, sometimes going to 5 pages. Next SCTCN&V created its own newsletter website : <http://scarboroughchess.webhop.net>. This was linked to the SCC website, so now people visiting the SCC website could crossover to the newsletter website and see not only the latest newsletter, but also the previous 25 Issues. But the newsletter kept getting longer as we introduced more games, and started providing analysis of the games, using the Fritz computer chess program. As the newsletter sometimes reached 15-20 pages, there was insufficient space on your editor's personal website which was being used, and we had to restrict the number of past Issues we could display. Some of the games we introduced were those of members from SCC tournaments, where previously, we had actually carried few SCC members' games.

The final major improvement was the creation of a ChessBase/Fritz database to accompany the newsletter, containing all the games/analysis in the newsletter. So now a reader could just click on the database and play over all the games (no longer having to copy the games and transfer them to the readers own program).

SCTCN&V has enjoyed serving SCC, the GTA and beyond! We look forward to many more years of reporting on great chess!

First Grandmaster in Scarborough

(submitted by Erik Malmsten)

Grandmaster Pal Benko was probably the first Grandmaster to play chess in Scarborough, back in 1964.

Scarborough's Alexander Knox was the President of the Metropolitan Toronto Chess League and he took on the task of organizing and directing the fifth Canadian Open, assisted by Howard Ridout (who lived just west of Scarborough). The tournament was held in the Cedarbrae Community Centre at Markham and Lawrence. The prize fund was around \$2,000, entry fee \$12, and time control 50 in 2-1/2 hours.

All the top Toronto players, except for Hamilton Spectator chess columnist Frank Anderson entered, including past Toronto Closed champions Zoltan Sarosy, Geza Fuster, Zvonko Vranesic, and Peter Avery. There was a large group from Montreal, including 1961 Canadian Closed champion Lionel Joyner and the defending Canadian Open champion Leslie Witt.

Top finishers in the field of 76 players:

1	Pal Benko	USA	2560	8.5
2	Zvonko Vranesic	Tor	2352	8.0
3	Duncan Suttles	Van/ Nevada	2140	7.5
4	Leslie Witt	Mont	2274	7.5
5	Denis Allan	Mont/ Sask	1971	7.5
6	Lionel Joyner	Mont	2358	7.0

7	Geza Fuster	Tor	2154	7.0
8	Jack Patty	Tor	2104	7.0
9	David Grimshaw	Tor	2176	7.0
10	Ivan Theodorovich	Tor	2212	7.0

Benko lost to Vranesic (who later had a GM norm in 1970), and drew with Witt. Vranesic had no losses but four draws. Future GM Eighteen-year-old Suttles lost to Benko and Vranesic, but defeated Witt and Fuster. Eighteen-year old Denis Allan snuck up. Another junior Lawrence Day was in the middle; he later won, in Scarborough, the Canadian Open in 1988 and Canadian Closed 1991.

Benko also won the Canadian Open Speed Championship and in the next week the US Open.

Hugh Brodie has uploaded the games that were in Canadian Chess Chat into his Canadian database. Published in several chess columns were Fuster's win over Joyner and Angela Foot's win over George Simeonoff.

SCC Goes to the Canadian Open

(last in a series of three articles)

SCC sent a strong contingent of 2 juniors and 10 adults to this year's Canadian Open in Ottawa in July. The players and their results are :

5.5 pts. – Junior Girl Yuanling Yuan

Your editor, Bob Armstrong (in a 5-way tie for 3rd in the U 1800)

Tom Muir (third place in the U 1600)

5 pts. – Junior Aman Hambleton

4.5 pts. – Maurice Smith (SCC Vice-President)

4 pts. – Petar Zlatanov

Josh Sherman

Oscar Villalobos

Phil Haley (former CFC President)

Doug Gillis

3.5 pts. – Michael Perez

Mario Moran-Venegas

A number of SCC alumni were also present: Wilf Ferner, Peter Bokhout, Josh Guo, Danny Aniag.

SCTCN&V asked each SCC member playing to provide us with their most interesting game. We published some games in the last 2 Issues, and here is the last installment .

Michael Perez defeated an “ A “ player with a number of nice tactical shots. Here is his game (Annotations by Bob Armstrong, using Fritz):

Canadian Closed - Addendum

In our article 2 issues ago on the Canadian Closed in August, we thought the winning game in the semi-final tie break between Artem Samsonkin and Ron Livshits had not been broadcast by Mon Roi – but it had and we'd missed it. So here now is that interesting game, where Artem comes back from being down the exchange plus 3 pawns to win (Annotations by Bob Armstrong, using Fritz):

Hamilton Open – Report

This 5 round one-section swiss was played Aug. 18 – 19. Here is Bob Gillanders report on ChessTalk:

On behalf of the tournament organizers, Joe Ellis, Garvin Nunes, and myself, I would like to thank the participants of the Hamilton Open 2007 concluded this evening. We exceeded expectations with 30 players and a total prize fund of \$ 800.00. Players received a greeting from Hal Bond, SWOCL and CFC President, to start the 1st round and the new SWOCL grand prix season.

Prize fund

1st \$ 300, 2nd \$ 150, 3rd \$ 100

Under 2000, 1st \$ 100, 2nd \$ 50

Under 1700, 1st \$ 100

Youri Ochkoos, Doug Bailey, Kyle Morrison, and Keith Wight all tied for 1st with 4 points. \$ 137.50 each.

Ferdinand Supsup, Joe Ellis, John Erickson, and Garvin Nunes all tied for 1st for the under 2000 prize with 3 points. \$ 37.50 each.

Steven Douglas (Ed. – an SCC member !) took the under 1700 prize with 2.5 points after crushing yours truly in the final round. Ivan Kudelka threatened to split this prize, but was unable to beat Ian Finley in the final round.

Unrated – Zack Sayed / James Marila

Toronto August Active Championship - Report

This one section 5 round swiss was played Sunday, August 26 at the Bayview Games Club. Here is Vlad Dobrich's report from ChessTalk:

“ Michael Barron 4 1/2 - 1/2 clear first include a key win vs Artem Samsonkin in round 3. The latter claimed clear 2nd with 3 1/2. Tied for 3rd were Roman Sapozhnikov, Irena Barron and Haonan Zhou all with 3 - 2 scores. Only 9 players competed.”

Promoting Chess in Toronto – Some Thoughts

Erik Malmsten, GTCL Secretary, held a chess exhibit at Toronto City Hall, Friday, August 10, to mark the 50th anniversary of Canada holding the World Junior Championship. Here are his after-thoughts on it and chess promotion in general:

“ I had wanted to do something to honour the 50th anniversary of the World Junior in Toronto and suggested a display at city hall in conjunction with the Chess'n Math tournament being held in the hotel behind city hall (on Chessnut). Lindsey of Chess'n Math worked with Nadira to get the space, which was only available for the Friday. Thanks to Lindsey and Mike Sutton for all their work on this project.

I had completed 11 2x3 feet posters and stuck up regular size paper on 6 other display boards to cover the history of chess in Toronto. Lindsey had blown up colour photos from recent youth tournaments on another six display boards. My 2x3 posters costs \$6 each to make at Kinkos, and perhaps I will complete the project to make a 20 poster display on the history of chess in Toronto that can be posted at chess events. The display at city hall was only looked at by a dozen people. At the chess tables I played chess with two adults who hadn't played in a long time and a couple of kids. There was little traffic flow into the middle of city

hall, mainly wedding parties. Would have been seen by more people being just outside of the entrance.

The most interested people were the cultural secretary who gave us the space, and Mike Sutton, our city hall contact. The secretary took photos and liked the photo of then Mayor Nathan Phillips with the World Junior players. Mike was great, he stayed to the end giving me a chance for food breaks and we played close games. He notes that it's a foot in the door to being involved in the city's cultural events. He also suggested we needed an entrance banner at the start of the display to attract people from far away. (I also needed a ruler to line them up straight.) Mike also likes the idea of a corporate team match event. The option of using City Hall rotunda again only makes sense if there is a reception/press release from a politician for an international event.

Only a couple of kids from the tournament in the hotel behind city hall came by, partly as there was little advance notice of the display. The tournament itself had a poor local turnout. An advertised bughouse event never happened and I gave out two problem books as prizes to kids who played me or tried to solve one of the problems on the demo boards. If we ever attempt to have a chess festival at some place like Dundas Square, the only way to fill it is with heavy advance promotion and confirmation of entries. It won't fill up with passersby on the street the way a concert does. And these kind of events need teams of volunteers. There's only so much Lindsey and I can do by ourselves.

There wasn't Chess'n Math staff available for the display because they were also doing a display at the Taste of Danforth festival. Now that's a great event to promote chess at, attended by a million people who aren't on their way somewhere. This is the biggest chess promotion in years. They had set up the large pieces and had masters Henry and Tayar giving simulms (Samsonkin lives nearby). They also had a literature table and it never clicked in my head they would have one, so we missed the chance to put out a flyer for the Labour Day Open and the Scarborough Chess Club, and the Active at BGC. The GTCL no longer has a flyer; there used to be one which listed the clubs in the area. Not all the people who stopped were interested in their kids playing, but some adults were also looking for chess. The booth could have used volunteers from the GTCL. There was also a colourful poster on the history of Greek chess, mentioning GM Peter Biyiasas, and I would have added the three Greek masters who have lived in Toronto (Sam Haziprodromu, Greg Mastrokoukos, and IM Ilias Kourkounakis) if I had known about that project.

On Sunday Ted also has a chess display around Eglinton and Avenue Road. although it would have been affected by the rain.

This weekend's chess promotion is great. It would be expensive and time-consuming to have a chess booth at the CNE (Aug 17 -Labour Day). I hope we can crack the Word on the Street book festival at Queen's Park in September 2008, as it's likely too late to get in for this year's. Also in September is the all-night Blanc Nuit, maybe have an all-night speed

tournament, 7 pm to 7 am. “
