World Championship

The latest word is that Kasparov has agreed to a rematch sometime in the summer. This will throw the rest of the FIDE schedule of events for the current world championship cycle out of kilter, but total disaster seems to have been averted.

Candidates' Matches

Rumour has it that Sokolov thumped Vaganian with a plus 3 score, with the match finishing at 5½-2½ or 6-3. Unfortunately, we do not yet have any of the games from this match.

Timman took an early lead against Yusupov, but Yusupov took over with consecutive wins in rounds 5, 6 and 7. A draw in round 8 left Timman on the wrong side of a 5-3 score. Yusupov delivered the coup de grace when Timman tried his 7... b6 Grunfeld again (notwithstanding its miserable debut in round 7). Final match score 6-3. It seems the next generation has already taken over, with Yusupov, Sokolov, and Kasparov at the top, along with "old man" Karpov.

Prior to the match, anyone who predicted that Timman would lose two games in under 25 moves would have been greeted by gales of laughter. It seems unlikely that anyone will be much interested in repeating this variation of the Grunfeld.

This eighteenth issue of **Northern** gives the ratings intermediate between EP # 77 and # 78.

The Ratings

In **Northern** are "official", but are recalculated at the time of the next **EP** to maintain the proper order of events. Provisional ratings are not differentiated from Established.

A Note from the Rating Statistician

Results from a series of tournaments in Timmins produced a number of ratings which appeared to be well out of line with expectations. To even out the inconsistencies, a total of 10 events were combined and re-rated under the name of "Timmins Adjustment". Results of 8 of the 10 events have previously appeared in **En Passant**. They were numbered 86-78, 86-79, 86-166, 86-167, 86-168, 86-191, 86-213 and 86-216. All were called "Timmins Rating #". Two more events were submitted for this issue of **Northern**. The 10 events were considered as a single 16 player octuple (8) round robin. Eight of the 16 players had obtained CFC ratings prior to 86-78 and those ratings were used. The remaining 8 players had obtained their ratings through the Timmins events in question: they were treated as unrated players. The final ratings of the 16 players appear in a separate listing in the Rating pages which follow.
